

Expression of Interest for: 1194-EOI-GFS-TZ-ELE-Storage Facilities

EITS Contractor undertaking the Electrical & Instrumentation Scope on the EACOP project, invites experienced and reputable Service Providers to express their interest in the **Provision of Storage Facilities Services**.

(EACOP = East Africa Crude Oil Pipeline Project. EITS = Electrical, Instrumentation, Telecommunication and Security Systems.)

SCOPE OF SERVICE FOR STORAGE FACILITIES

1. CITY STORAGE FACILITY (CENTRAL WAREHOUSE)

General Requirements

- **Location:** Easily accessible from major roads; proximity to City or Central hub in Dar es Salaam preferred.
- **Size:** Minimum 200m² scalable based on project load
 - 140m² for normal materials and 60m² for electronic parts and tools with controlled HVAC system.
 - Storage Management Software System and Shelves
 - Manpower to control/manage storage
 - Able to provide weekly report on storage status
- **Security:**
 - 24/7 surveillance (CCTV)
 - Visitor and Contractor Management System
 - Controlled access (biometric or card-based)
 - Perimeter fencing and lighting

Environmental Controls:

- Ventilation and temperature control for sensitive equipment
- Fire suppression systems (sprinklers, extinguishers)
- Pest control measures

Operational Features

- **Inventory Management System:** Digital tracking of incoming/outgoing items.
- **Loading/Unloading Area:** Covered bays for trucks and forklifts.
- **Staff Facilities:** Office space.
- **Power Backup:** Generator or UPS for critical systems.
- **Storage Specifications**
 - **Racking Systems:** Adjustable shelving for tools, spare parts, and consumables.
 - **Compliance:** Adherence to local safety and environmental regulations.
 - HVAC system for partial area (60m³)

2. SITE STORAGE FACILITY (TEMPORARY OR SEMI-PERMANENT)

General Requirements

- **Location:** Within secure perimeter of the site, close to work zones across corridor of the pipeline i.e. MST, MCPY's and PS's. 1 container per specified location.
- **Size:** 1No. 40 FT length container and 8No. 20FT length containers.
- **Security:**
 - Lockable containers or prefabricated units
 - Lighting for night visibility

Operational Features

- Quick Access: Layout optimized for daily use by site teams.
- Weather Protection: Waterproof roofing and raised flooring.
- Signage & Labelling: Clear identification of zones and materials.

Storage Specifications

- Tool Lockers: Secure cabinets for hand tools and power tools.
- Material Bays: Segregated areas for steel, cables, pipes, etc.
- Additional Considerations
- Mobility: Use of mobile storage units or containers for shifting needs.
- Compliance: Adherence to local safety and environmental regulations.
- Integration: Sync with central inventory system for tracking.
- Fire Extinguisher

MINIMUM REQUIREMENTS:

- Certificate of Incorporation, BRELA, TRA (TIN, VAT, Tax Clearance Certificate) and Business License (s) Registrations
- Compliance with Petroleum Local Content Regulations, 2017; and Local Company definition for Tanzania.
- Registration/application with EWURA LSSP database is **STRONGLY RECOMMENDED**.
- 3-Years' Audited Financial Statements, Letter from Banker(s) and Financial Capacity to deliver such service.
- Company Profile with details of similar projects; Minimum 5-Years' similar experience
- HSE Management Systems, Policies and Procedure including OSHA
- Certificates of ISO 9001, ISO 14001, ISO 45001 or equivalent (AS APPLICABLE).
