

REQUEST FOR EXPRESSION OF INTEREST: PROVISION OF HVAC MAINTENANCE SERVICES – EACOP PROJECT SITES IN TANZANIA REFERENCE NO. REQ-00001089

East African Crude Oil Pipeline (EACOP) Ltd invites suitably qualified, experienced and reputable companies, organizations, or local joint ventures to express their interest in providing HVAC Maintenance Services to EACOP Ltd during Operations Phase in Tanzania.

The EACOP Project involves the construction and operation of a buried, cross-border pipeline designed to transport crude oil from the Lake Albert area in Uganda to the eastern coast of Tanzania for export to international markets. The pipeline spans 1,443 km, comprising of 296 km in Uganda and 1,147 km in Tanzania. In Uganda, the pipeline traverses ten (10) districts: Hoima, Kikuube, Kakumiro, Kyankwanzi, Mubende, Gomba, Lwengo, Sembabule, Rakai, and Kyotera. In Tanzania, it traverses eight (8) regions: Kagera, Geita, Shinyanga, Tabora, Singida, Dodoma, Manyara, and Tanga.

BRIEF DESCRIPTION OF THE SCOPE OF THE SERVICES:

The EACOP system is equipped with Heating, Ventilation and Air Conditioning (HVAC) systems installed at the pipeline and associated operational facilities to ensure proper environmental control, equipment protection, and safe operating conditions.

These HVAC systems support critical areas such as control rooms, electrical rooms, telecommunications rooms, equipment shelters, pumping stations, pressure reduction stations, mainline block valve stations, and terminal facilities along the pipeline corridor distributed across 23 sites.

The required Services will cover all equipment equipped with HVAC system listed below, but not limited to:

- Air Conditioning Units (Split, Package, and Precision Units) – about 76; Chillers – 9; Air Handling Units (AHU) – 40; Pressurization units and Ventilation equipment serving LHHT station – 15; Refrigeration and Cooling Systems – 22; Control Panels & HVAC Controls – 15.

MAIN ACTIVITIES

a. Stand-By and Response Readiness

- Maintaining on-duty standby personnel with full 24/7 response capability.
- Maintaining, preserving, and ensuring readiness of all HVAC maintenance tools, testing equipment, and service vehicles required for intervention.

b. Immediate Response and Logistics

- Immediate transportation and mobilization of required personnel, tools, material, equipment, and machinery upon identification/ notification of fault/damage.

c. HVAC Inspection and Maintenance Activities

- Carrying out preventive and corrective maintenance activities on HVAC systems installed in operational facilities along the pipeline corridor.
- Conducting inspection, troubleshooting, system diagnostics, and performance checks to ensure optimal system operation.
- Maintaining system reliability to support control rooms, electrical rooms, telecom rooms, equipment shelters, and other operational buildings.

d. Management and Coordination of Repair Activities

- Providing qualified personnel, tools, and equipment required for repair, replacement, and restoration of HVAC systems and components.
- Coordinating logistics and support activities required to complete maintenance and repair works.

e. Work Site Demobilization

- Demobilizing all temporary installations, restoring the worksite, and ensuring proper cleanup after completion of the repair works.

f. Performance Monitoring and System Optimization

- Monitoring HVAC system performance parameters such as temperature control, airflow, pressure levels and equipment efficiency.
- Identifying potential issues and implementing corrective measures to ensure optimal system performance.

MINIMUM REQUIREMENTS:

Companies, organizations, or local joint ventures expressing their interest are invited to submit documentation of their request with:

- Brief description of experience, expertise, and capacity to deliver the required scope of services.
- A List of certified personnel/manpower who will be responsible to perform the services with indication of their experiences and qualifications.
- Valid Business License.
- Proof Registered Specialized Contractor under CRB.
- Certificate of Incorporation and recent BRELA search (attach certified copy).
- Compliance with Local Content Regulations, 2017 and Local Company definition.
- Proof of registration with the Tanzania Revenue Authority (TRA) and Tax Clearance Certificate.
- Financial capacity evidence including audited financial accounts for the last three years.
- Evidence of Quality, Health, Safety, and Environment (QHSE) management system compliant with local and industry standards for similar works.
- OSHA Tanzania Registration / Workplace Safety Compliance.
- Proof of Anti-corruption, Anti-bribery, Compliance and Human Rights policies.

Companies or organizations which have the ability, capacity, and resources to implement the activities listed above should express their interest by sending an Expression of Interest (EOI) via email, together with the above listed documents through an email to procurement.tz@eacop.com (max. email size 20MB) on or before **17:00** hours East African Time (EAT), **20th May 2026**.

Email subject shall read: **REQ-00001089 - Provision of HVAC MAINTENANCE SERVICES – EACOP PROJECT SITES IN TANZANIA**

Statements of EOI should be no more than twenty (20) pages long. **All Expression of Interests should be submitted in the English Language.**

Note: EACOP Ltd will review and assess the documents provided by companies, organizations or local joint ventures that have expressed interest in accordance with this EOI, and conduct evaluations based on internal criteria to determine which companies, organizations or local joint ventures will be included in the list of pre-qualified companies, organizations or local joint ventures. Only the pre-qualified companies, organizations or local joint ventures will, after signing a Non-Disclosure Agreement, receive an invitation to bid as a continuation of the Call for Tender process. EACOP Ltd reserves the right at its sole discretion to make the decision to select or reject a company, organization or local joint venture and maintain its decision without having to give reasons to the company, organization or local joint venture concerned.
